

JOB OPPORTUNITY

SYSTEMS SOFTWARE SPECIALIST I/II (TECHNICAL)
SSS I (TECH) \$4,897 – 6,252/SSS II (TECH) \$5,378 – 6,864
Software Branch/Database Section/Engineering Division

The Engineering Division has an immediate opening for permanent full-time Systems Software Specialist II (Technical) in the Mid-Range Database Support Unit. The position will report directly to the Systems Software Specialist III (Supervisor) of the Mid-Range Support Database Unit. Under the general direction of the Systems Software Specialist III (Supervisor), the incumbent will provide expert level support for the Department of Technical Services Sybase and/or UDB and/or Informix service offerings and Client Environments. **Will also consider recruitment at the System Software Specialist I (Technical) level.**

Essential Functions:

- Install, customize and maintain the Sybase/UDB/Informix System Software in a Solaris/AIX Environment.
- Install, customize and maintain Sybase/UDB/Informix Related Software in a Solaris/AIX Environment.
- Create, configure, customize, tune, backup and restore Sybase/UDB/Informix instances in a Solaris/AIX Environment.
- Work with customers in support of Sybase/UDB/Informix database problem identification and resolution.
- Isolate and resolve system resource problems affecting Sybase/UDB/Informix client processing.

Work Environment Requirements

- Respond to after hours support calls
- Periodic overtime required
- Some Travel will be required for training and conferences

Desirable Qualifications:

- Extensive knowledge and use of Unix utilities including the vi text editor, Borne and Korn shells and shell scripts.
- Knowledge and use of Sybase/UDB/Informix in a Unix environment
- Knowledge and use of Sybase/UDB/Informix installs and maintenance updates including critical patch updates
- Knowledge and use of Sybase/UDB/Informix Software and Database Administration Tools.
- Knowledge and use of Sybase and/or UDB and/or Informix version upgrade and migration strategies.

Applications will be accepted only from individuals currently at Systems Software Specialist I or II (Technical) level, or applicants who have transfer or list eligibility. Applications will be screened based on desired qualifications, and only the most qualified will be scheduled for an interview. All appointments are subject to SROA/Surplus provisions.

Final File Date: Until Filled Interested applicants must submit a State application to:
